# DANS LE NOIR ?

DES SENS À L'ESSENTIEL

## A SEMINAR LIKE NO OTHER!

For their seminars, companies tend to seek fun, innovative, and ideally meaningful activities — which is why Dans le Noir ? has become a must for this type of event.

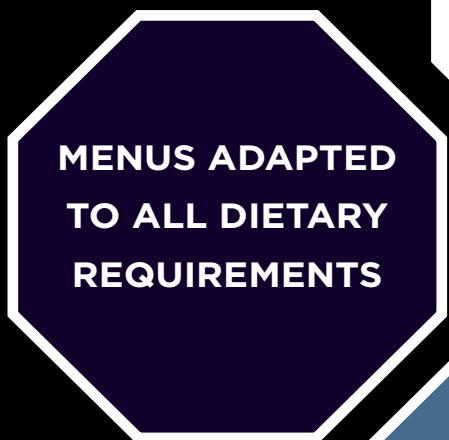

Among the unexpected benefits of darkness are the stimulation of creativity and collective intelligence. Darkness allows for extraordinary focus and a level of listening that cannot be found elsewhere. It is the perfect setting for delivering powerful messages.

With 20 years of hands-on experience in social innovation, disability inclusion, CSR, and eco-responsibility, the experts at Dans le Noir ? are passionate about sharing their experience and philosophy.
